BAADER

BROWN

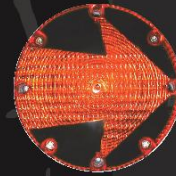

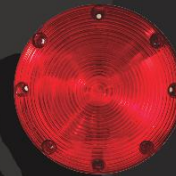

**Baader - Brown
Manufacturing**

**baaderbrown.com
937-323-6017**

**In addition to fans,
ask us about our other
offerings, including:**

Lights and Lenses

We are proud to offer a wide selection of school bus lights and lenses that mount to standard bolt patterns and range in colors from red to amber to clear. Our lenses are supplied with a durable, waterproof gasket and are made from materials resistant to rust and corrosives.

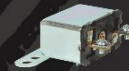

Solenoids

Heavy duty construction. Available in 80, 100 and 200 Amp.

Universal Buzzer

1001 uses - commonly used to indicate open doors, seat belts unfastened, etc.

Did you Know?

Baader - Brown was established in 1955 and is the oldest supplier of fans, lights, equipment accessories and school bus replacement parts to drivers and the school bus industry.
